- o Meet all immunization and health requirements
- o Meet all application deadlines
- o Have obtained required approvals from home and host institutions

### Important Guidelines for Cross Registration

- 1) All requests are honored on a **space available basis only**. The ATA schools allow their students to register first, which often leaves the cross registration applicant without the requested course. Additionally, we may not know until the day before the class begins whether or not you have a spot in the course. Always list alternate sections and/or courses when possible.
- 2) If you are applying for Financial Aid, or are concerned about being full time, the hours that determine eligibility will be based on the **actual** hours for which you are enrolled. Since you may not get the course through ATA and may not know until late, have an alternate plan in place at your home institution that does not involve the ATA request. If you get the cross registration course, you can drop the course(s) at your home institution through the first week of class.
- 3) ATA rules state that all communication and questions concerning your cross registration must come through your home institution. Applicants **should not contact the host school coordinator or faculty in an attempt to get the requested course**.
- 4) Grades from other institutions participating in the ATA consortium may be posted later than your home institutions. Final grades may not be posted in time for graduation, so please do not use the ATA program for your final degree requirements.
- 5) A student may only take a maximum of 12 hours from any one ATA institution and a maximum of 18 hours from all ATA institutions.

Please sign and date this form as verification that you have read and understand the above.
